Le London, son Angle, la Matita, le Torello et le nez de marche Torello sont en travertin fleuri naturel, donc les différentes tonalités entre une pièce et l'autre d'une même référence sont typiques des pierres naturelles et ne doivent par conséquent être considérées comme motif de litige.

Der London mit seiner Ecke, die "Matita", der Torello und seiner Ecke sind aus Naturtravertin (Travertino Fiorito). Farbabweichungen zwischen zwei Stücken der selben Farben sind typisch des Natursteines, somit werden keine Reklamationen akzeptiert.
